Please read and note the following

At Uniform Services & Accessories our desire is to offer our products with special prices set specifically for the members of the Indiana Guard Reserve. Therefore any phone or email inquires must be with proof of IGR affiliation to obtain the special pricing. Without that information regular store prices apply.

******Sizes in **"longs"** as well as **"2X"** and above will be slightly higher priced than those listed.

The prices that are listed in this catalog are as accurate as humanly possible. From time to time manufacturers may raise prices on specific products or remove and discontinue them. Please understand that we find out as it happens and as such we reserve the right to amend prices and offerings based upon those circumstances.

Many of our manufactures are registered suppliers of the government and military. From time to time their stock is either earmarked or depleted to satisfy immediate shipment needs. Backorders as much as we all hate them can happen and understand that if it does it means that those items are going out to troops who need it.

This is a small representation of the many product offerings of Uniform Services & Accessories. Do not hesitate to ask us about products you don't see listed. If it's available to us, we'd be happy to get it for you.
